

# Brings fun to prophylaxis!

## KaVo PROPHYpearls

- Conservative cleaning, thanks to ball-shaped pearls
- Available in neutral or fruity flavours: orange, mint, peach and blackcurrant
- Contains no salt, sugar and gluten
- Convenient: Neutral flavour available in sticks and bottles

KaVo PROPHYpearls

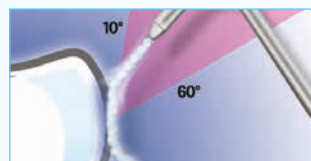

# KaVo PROPHYpearls

- Optimised cleaning performance
- Reduced surface injury
- Fast, gentle treatment
- Biologically degradable due to its calcium carbonate base
- Available in economic bottles and hygienic sticks
- Suitable for all generations of PROPHYflex

Gentle treatment with pearls rolling on the tooth surface

Optimal abrasion at working angles ranging from 10° to 60°

## Application areas

- Removal of discoloration, plaque and biofilm
- Dental cleaning prior to fissure sealing
- Dental cleaning prior to bleaching
- For prosthetic and orthodontic applications

## Benefits of calcium carbonate

- Increases the pH, reduces acids
- Re-mineralising effect
- Round shape and consistent size
- Hydrophobic solubility
- Contains no salt, sugar and gluten
